

PAYMENT BY DEBIT OR CREDIT CARD

The Board of Education authorizes the district's business office to provide, at various locations throughout the district, means for the acceptance of payment in the form of a credit or debit card for fees, tuition, or other charges imposed by the school district. On all such transactions there may be an additional fee assessed to recover the actual cost incurred by the school district by reason of the method of payment used. The business office may also establish secure internet sockets that will allow payment by credit card via the internet. Any transaction involving payment by credit card pursuant to this policy shall not be subject to the provisions of K.S.A. 16a-2-403, and amendments thereto.
